PROJECTS

Multifamily Asset Acquisition & Underwriting Model – Collaborative Case Study (*In Progress*)

- Partnering with a peer financial analyst to engineer a dynamic institutional multifamily acquisition model, integrating unit-level rent rolls, trailing operating expenses, and multi-year pro forma cash flow projections.

WORK EXPERIENCE

Fidelity Real Estate LLC – Fort Lauderdale, FL

Licensed Real Estate Associate

Sep 2026 – Present

- Assist senior leadership in screening potential acquisition and development opportunities by populating Excel pro forma financial models with historical performance, projecting net operating income (NOI), cap rates, and debt metrics.
- Conduct comprehensive submarket and property research across commercial and residential properties, systematically gathering rent comps, historical sales comps, and localized vacancy trends to evaluate target investment yields.
- Support transaction due diligence by auditing historical property operating expenses (OpEx), verifying accuracy across tenant rent rolls, and organizing comprehensive files for senior leadership review.
- Review municipal zoning maps, allowable density parameters, and land-use regulations to assist senior associates in preliminary commercial feasibility assessments for potential site developments.

Real Estate Intern

May 2025 – Sep 2026

- Supported underwriting workflows for a \$2M asset transaction by compiling T12 expense data and market rate benchmarks, analyzing historical financial statements to identify cost-saving opportunities and refine valuation metrics.
- Drafted comprehensive property overview summaries and compiled visual site inspection notes, key photographic documentation, and asset condition analyses for seamless inclusion in investment committee review materials.

Project Destined – Remote

Sep 2026 – Present

Real Estate Private Equity Intern

- Selected for a specialized private equity training program focused on commercial real estate investments and financial modeling led by university professors and former Carlyle Group executives.
- Evaluate individual and team-based commercial acquisition case studies, participating in live investment training and assisting with financial modeling to prepare for private equity analyst responsibilities.

John Burpee & Associates, Inc. – Stuart, FL

Jan 2024 – Mar 2024

Real Estate Intern

- Conducted detailed market research and comprehensive asset-level screening across 2,000+ single-tenant net lease (STNL/NNN) retail, commercial, and industrial properties located throughout Florida.
- Evaluated tenant lease structures, renewal options, and overall creditworthiness in Excel to assist senior brokers in assessing long-term cash-flow stability and acquisition feasibility.

SKILLS

Multifamily Underwriting, Discounted Cash Flow (DCF) Modeling, Pro Forma Forecasting, Due Diligence, Sensitivity Analysis, Comparative Market Analysis (CMA), Microsoft Excel/Word/PowerPoint, CoStar, LoopNet
